RE: Special Waste Stream Renewal

Gentlemen:

Recently, Pfizer received the enclosed Special Waste Stream Renewal form for spent pickle liquor from Granite City Steel.

Pfizer does not dispose of any materials at the East St. Louis facility. Instead, the spent pickle liquor is used as a raw material in our production operations. Because of this use, the spent pickle liquor received at the East St. Louis operations is exempt from regulations under Ill. Adm. Code 702, 703, 705, and 722 through 726. This is confirmed by Mr. Eastep's letter of October 23, 1987. The March 22, 1988 letter from Mr. Eastep also verifies that our Part A application has been withdrawn. Thus, there is no need to renew this permit.

Please contact me if you have any questions.

Sincerely,

Roger E. Rader
Plant Manager
